

## **FBox Connection Needing Port No and IP No**

**Your network hardware or firewall maybe prohibit the communication with FBox server.  
If you connect to the Internet by your working area or corporation, please open the ports as below:**

- 1. Port 80(TCP)**
- 2. Port 443(TCP)**
- 3. Port 800(TCP)**
- 4. Port 801(TCP)**
- 5. Port 806(TCP and UDP)**
- 6. Port 7157~7172(TCP)**
- 7. Port 8009(TCP and UDP)**

**Please let your internet manager add following website and IP address into the list.**

**account.flexem.com**

**www.fbox360.com**

**120.24.225.103**

**120.24.57.39**

**47.89.43.5**

**If your Ethernet needs setting static IP address, please add FBox IP and MAC address in your router. Please refer to FBox series products manual about the FBox IP address setting and the way of acquiring MAC address.**

**From Flexem's Team**
